## Project Evaluation: Game 1 Prototype (G1P)

The checklists indicate project elements where your submission meets expectations, and if applicable, where it still could benefit from further development or continued refinement. (The key to the evaluative comments is included below the checklist.) Your score by category appears in the Project Evaluation to the right.

### Evaluation Criteria: Content

- # Memo is framed properly, provides appropriate context & justification for the project, provides direction to project files, & requests appropriate action regarding the submission.
- # Game components are well designed.
- # Gameplay guide provides adequate, effective description & instruction.
- # Game design is anchored in recognizable patterns for design & game play.
- # Game components are effectively identified & easily accessible.

### Evaluation Criteria: Design & Delivery

- # Memo meets format/layout expectations for the genre.
- # Game components reflect effective, professional design strategy.
- # Gameplay guide & game components establish & maintain a strong, consistent visual logic.
- # Gameplay guide presented in a professional page design that effectively coordinates textual & visual content.
